

Dear User Group,

Re: South East Leisure to commence management of Greater Dandenong's Leisure Facilities 1 July 2022.

As you may be aware, from **Friday 1 July 2022** Greater Dandenong Leisure Facilities, will be managed by South East Leisure (SEL) on behalf of Council.

This decision is part of a bigger objective to bring all Council owned recreation facilities together and to be managed by a new Council entity. SEL is strongly committed to improving community health and wellbeing outcomes through accessible, high quality leisure experiences.

The YMCA and Dandenong Basketball Association have managed these facilities for many years and we'd like to acknowledge the excellent work of the staff in running the facilities.

What do I need to do?

We are committed to ensuring a smooth transition for all user groups and facility bookings.

To allow for this to occur, we ask that all user groups complete the digital form in the link below. This will allow SEL to get a better understanding of your current standard bookings and your requirements for the year ahead.

[User Groups Digital Form](#)

Once this is completed a member of staff from SEL will be in contact to arrange new paperwork to be completed that will allow SEL to set your group up on our system and book you in.

Please note, if you have already made bookings into next financial year these will be honoured and transfer across to SEL. It is still important that you fill in the [User Groups Digital Form](#) to ensure SEL are able to get you set up appropriately.

Will the prices change?

As is standard practice, prices have been reviewed as part of the end of financial year process. New financial year fees and charges will be made available upon submission of your booking requirements.

Should you have any queries please ask the staff at your next visit, alternatively you can visit [South East Leisure](#) for more information. We look forward to seeing you at the centre soon.

Yours sincerely,

Centre Management,

South East Leisure
